VOLUME 35

FRIDAY FEBRUARY 5, 1943

NUMBER 40

Funeral Services For Leo C. Woolley

Funeral services for Leo C. Woolley, aged 80, respected pioneer of Raymond, were held in the Raymond 1st Ward Chapel Sunday afternoon at 2 p.m., with Bishop Hicken in charge. The combined choirs of both Raymond Wards conducted by W. C. Stone, with Roi Stone at the console furnished the music and sang "Oh My Father," "I Have Read of a Beautiful City" and "We Lay Thee Softly Down to Sleep." Miss Jeannine Wilde sang "I Know that My Redeemer Lives" as a special number. The opening prayer was by Elder John F. Salmon and the benediction was pronounced by Elder Heber F. Allen of the Stake Presidency.

Stake President T. Geo. Wood was the first speaker and said he felt honored at being asked to say a few words at the services of a man whom he esteemed so highly. Elder Woolley as far as he knew him was a true and faithful Latter-day Saint a man who lived the Gospel and who asked for nothing more than to be able to serve his fellow men. There is a place of joy and happiness prepared for all of us where we go when we finish our earthly mission, especially when we have lived in obedience to Gospel laws. He urged the children to follow the example of the father, and offered words of comfort to the family in their sorrow.

Patriarch John F. Anderson who was Bishop of the old Raymond ward for a number of years was very glad of the opportunity of saying a few words in praise of deceased. They were very nearly the same age, and had many pleasant associations in the early days of Raymond. Deceased was always willing to serve in any capacity he was asked, and was thoroughly dependable in the discharge of a responsibility once he had accepted it. He had been a good husband and father and the family need not sorrow over his passing unduly, for he had lived a good life and had earned a good reward. He reaffirmed the Doctrine and Covenant on the three degrees of glory, and said that in his judgment deceased had prepared himself for a place in the highest degree, where he would enjoy untold happiness and joy.

Bishop Hicken expressed his appreciation of the life and labors of deceased, and on behalf of the family thanked all who in any way assisted the family during their sad bereavement.

The lovely flowers were a silent tribute to the family of the respect in which deceased was held by his many friends. Interment was in the family plot in the local cemetery.

ELECTION DAY MONDAY

Monday was Nomination Day and Raymond will have a civic election this year. Acclamations on the School Board resulted G. J. Gibb and T. W. Meldrum going back for another two years.

For Mayor of the Town, Mayor Cope was re-nominated and is opposed by S. I. May former Mayor.

For the Council, Jos. McLean and Lloyd MacPhee present incumbents were re-nominated, and Orvin Hicken and Alvin W. Jones are contesting the seats with them.

Geo. E. Court is Returning Officer and voting will take place next Monday at the Town Hall.

LIONS MEETING

25 members and one visitor were present at the Raymond Lions Meeting held in the Sugar Bowl Monday February 1st.

The meeting was opened by singing "Oh Canada" with prayer being offered by Lion L. D. King.

Lion Jack Kenny presented Wes McMullin as a prospective member.

Pres. P. Moreland asked all members that wished to bowl to hand their names in to Lion L. Kenny.

Lion J. McLean led the assembly in community singing.

Tail Twister J. Vanderhilt then explained to the boys (in the German language) just how good Carters Little Liver Pills are. He claimed he could speak from experience. This was very entertaining.

It was decided to hold the annual Lions Night Out some time in the month of March and a committee of R. J. Farnett, L. Larson and T. Allen were appointed to make arrangements for this event.

Lion L. D. King was nominated as a member of the board of directors taking the place of Frank Leavitt who has moved away.

The meeting closed in the usual manner.

RATION BOOK DISTRIBUTION

The new ration book will be distributed from the Town Hall between the dates of Monday February 22, and Saturday February 27th. Old books must be turned in. The format the back of the old book must be filled in and signed, and if these forms are properly made out, then one adult member of a family may turn in the old and receive the new books for the entire family.

D. M. Holladay is representing the Board locally and we will have further details next week. Watch for them.

SUCCESSFUL DANCE AND PROGRAM

A very enjoyable and successful Program and Dance, culminating the Aid to Russia drive was held in the Opera House last night. A final statement of the drive with a report of the evening's party will be given next week.

NEWS NOTES

Johnny Heggie was home over the week-end as was also Miss Nova O'Brien and Grant Hall. Grant is stationed at Victoria, B.C.

Financial interests report the public is getting into the stock market again. It is nearing the season when the saps begin to rise.

The Annual Green and Gold Ball of the Raymond 1st Ward was held last Friday evening in the Social Hall of the building. On the merit system, Miss Alma Redd was chosen Queen. Cody's Seven were named for the evening but were unable to fill their appointment, and Mrs. Jas. Anderson and Tom Allen substituted and a large crowd enjoyed a fine evening.

Cheese Factory Directors Meet

A meeting of the directors of the Cheese Factory was held this week when the affairs of the Company were discussed from all angles, and the following items were deemed essential for immediate action and work:

To better acquaint shareholders and patrons with the operations and financial position of the Association in an endeavor to stimulate greater public interest in the success of the plant.

To lay down a sound business policy to ensure the utmost efficiency, economy and service in its operation.

To arrange for the sale of the balance of shares, that the affairs of the Co-op might be placed on a firm financial footing.

General satisfaction was expressed at the operations so far. Some departments had showed small losses, difficulties

had been encountered in getting phases of the business underway, and unlooked for matters had come up but generally speaking, things were now well organized, the institution was rendering the service for which it was designed, and with the arrival of spring and greater production of milk and eggs, success in all departments is looked for.

Respecting the sale of shares the Directors decided to make it possible for anyone who desired to purchase a share or two of stock to do so by selling it on monthly payments, so that for a very few dollars monthly a person might obtain a share or two or three of this stock. The institutions in many other centres are showing nice profits regularly, and it would be a good investment for all and an opportunity to help in building up our town and district.

Annual Meeting

The Annual Ratepayers Meeting of the Town of Raymond and the School District was held in the Town Hall last Friday evening, with only a small attendance.

Will Stone was made Chairman of the meeting and Dr. Holladay was elected Secretary.

The School District report was read by Sec. Gerald Gibb and was explained and discussed, and on a motion of Mayor Cope was accepted.

The Town Financial statement was presented and explained by Sec-Treas. W. L. Jones.

This report showed the Town finances in good condition with a good cash balance. A discussion followed this, the Stray Pound law, especially being discussed from many angles.

Following the discussion, a motion of thanks for the Town officials was moved by Dave Meldrum and seconded by Drex Selman and passed unanimously. The meeting adjourned at 9:20 after being in session just an hour.

Union Jacks Defeat Pearce

In a service league game last Wednesday night in the Opera House, Raymond Union Jacks took the long end of a 61-38 score from the RCAF team at the Pearce training station.

It was a good game and the visitors have the makings of a very strong team, but they were in company too fast for them Wednesday night, and the combination plays of the Jacks had them baffled at many stages in the game. Just what the score might have read had the Jacks turned on the heat, as they are capable of doing is a guess, but they maintained a good safe margin all the way through and kept the visitors working the full forty minutes of play.

Nalder, Stone and Turner of the Jacks led the scoring of the night with 17, 12 and 11 respectively, while high men for the visitors were Oakenfold with 9, Strawn with 6 and Partridge with 6.

Two teams of the High School girls played the preliminary game, and floor hockey, a game of Physical Training classes was played between the halves much to the entertainment of the crowd present.

Following is the lineup and score:

Pearce: Strawn 6, Simpkins 4; Oakenfold 9, Edwards 4. Wilson 4, Cahoon 2, Stewart 3, Har-

ington 6, Total 38. Jacks: Nalder 17, Stone 12, Evans 9, Turner 11, Dunlop 6, Rolfson 6, Total 61.

MUSIC CLUB HOLD VALENTINE PARTY

Raymond music club held their annual Valentine party February 1st, for members' and their partners. It was held in the Raymond 2nd Ward. Tables were decorated with red and white hearts with cupid as centre piece, with the guests wearing Valentine paper hats.

A delicious turkey supper with all the trimmings was served to 32, with toasts to the King by Wm. Anderson and to the men by Maybelle Anderson and to the ladies by LeRoy Anderson.

After supper Marie Strong and Arminto Kearl lead the group in many interesting contest games. Final score made the ladies winners by 2 points.

The remainder of the evening was spent in dancing, with a very good time reported by all.

The next music club meeting will be held at the home of Gladys Gough on March 1st.

Clyde Spencer of Magrath was a Raymond visitor Tuesday.

Good Response To Russian Relief Fund

Correspondence

Raymond Feb. 4th

Dear Editor:

In view of the civic election which takes place next Monday and the possibility of there being elected new men on the council, it might be timely for ratepayers to take advantage of the offer made by the Editor of this paper to a part of these columns to discuss matters concerning our civic administration and the operation of our schools.

As a ratepayer covering a period of three decades or more it is my personal opinion after observing the results attained by part administration of town affairs that a managerial form of government would serve more economically and with greater efficiency than the present methods of civic administration.

With Raymond's increased population and its accompanying added responsibilities it seems to be more imperative that a manager be appointed now than ever before.

Without discounting the untiring efforts of the Mayor and his board, the fact still remains that the services which each and all have rendered are inadequate to meet the many problems arising daily. Each of our men on the council are engaged in their own respective fields of activity to gain a livelihood and the necessary demands by the town is an additional load which cannot be met as it should, by men on the council.

By putting this responsibility on the shoulders of a qualified manager, the merits of each problem arising daily could be considered and solutions made so that the most for the least amount of expenditure could be obtained.

To make a small item such as dog taxes. The financial statement shows that only \$15.00 were collected for the entire year while the same records indicate there are about four times as many breeders as there are dogs which obviously is all wrong.

The stray pen doesn't show a dime revenue to the city despite the fact that many people paid penalties. This department has really become a farce as we view it. It's been a case of passing the "buck" and shouldering the responsibilities on to youngsters. Last year there were instances where boys met herds returning from nearby pastures and drove the entire herd to the stray pen.

The stray pen business under a qualified manager should appoint a man. He might be instructed to allow the first offender to get by with a warning that "the next time you'll have to pay the fine." Such a method if consistently followed should work. At least, there could be scarcely any good reason to complain after being warned.

Concerning some of the mail or problems, let us consider the sidewalks along the business section. From the Coffee Shop North to Brewertons during wet weather the mud is almost as heavy as you would find in a stubble field and conditions along the next block north is

"For nearly two years Russia has courageously borne the savage onslaught of the whole might of Hitler's armies. More than five million heroically fell in the lines of battle. Millions have died from want of shelter clothing and food, but, to the last breath, soldier and civilian alike, have struck at their hated enemy. Their courage has aroused a freedom loving world to cheers. But cheers do not feed starving people nor give warmth to freezing bodies."

We are glad to acknowledge new contributions.

Irrigation Meeting

The annual meeting of the Raymond Irrigation District was held in the Town Hall Saturday afternoon with a fair representation of Water Users present. The report of the District was represented and showed good management in all divisions.

Nominations for a place on the Board were called for, the term of Wilford Brandley, representing the Stirling district having expired. No reports have been received by the Secretary J.W. Evans as yet whether or not there will be an election from that district. A vote of thanks was extended to the Trustees, Watermaster and Secretary for their efficient work. J.H. Wilde is Chairman of the Board.

PRIESTHOOD MEETING SUNDAY

Stake Priesthood Meeting, postponed from last Sunday, will be held this coming Sunday in the Stake House. All Stake and Ward officers are expected to be present. Your card will tell at what time your particular meeting will be held. You are expected to be there.

quite similar.

If we expect people residing in outlying districts to patronize local places of business we should show our desires by at least allowing them a place to park during wet weather. Under prevailing conditions and during wet weather, potential customers step from the running boards into miniature lakes and wade through half a foot of mud.

All places of business should have the lane on a saddle horse.

These are a few of the things which a City Manager could take charge of. He might also render assistance in tax collecting so that the combined Town, School and Social Service uncollected taxes, which now total a huge sum in excess of \$100,000.00 might be collected.

Yours truly,

W. C. Stone.

OUR DRAINAGE QUESTION

We talked the other day with another person who had noticed our article on draining the Town, especially with reference to trapping the water near the canal and running it back into the coulee, and he said he had been in districts where this had been successfully done and could see no reason why it would not be successful here.

We claim no knowledge of civil engineering, and do not know whether or not this could be worked here, but undoubtedly, if there is even a remote chance that it could be carried out, then every effort should be made to have it thoroughly investigated and professional report tabled on it.

When one steps into some of

our finest homes and finds swimming pool instead of a basement underneath the house where the basement ought to be when we see cellars with from 12 inches to three feet of water in them each spring, and when we see our town a veritable frog pond instead of dry streets and alleys with grass growing, one must admit that if anything can be done, then it ought to be done to do away with this No. 1 nuisance.

Aside from the inconvenience and unsightly conditions it causes, aside from the increase in mosquitoes and chances of infection and sickness it causes by this stagnant water standing around, there is a tremendous cost every year to property holders. Home owners with basements are forced to keep a pump going all the time if their furnaces are not ruined by the water, and then they must see good cement work, gradually ruined as the alkali seeps through the walls and softens the cement until it crumbles like chalk when touched.

We are not finding fault. This type of drain may be a new thought to our Town officials, as it was to us when mentioned to us. But, we have heard of several cases where

similar conditions have been handled in this way, and we feel that in the interests of Raymond 2,500 citizens, that now before spring arrives, the possibilities should be investigated and if at all feasible should be tried out this spring if possible and if it works, for only part of the Town, it will still be a real asset to us. Let's not wait till spring to do the preliminary work. Let's act now.

JOHNATHAN SMITH PASSES

Johnathan Smith, 60 odd years of age, father-in-law of James H. Thompson of Welling, passed away at his son-in-law's home early Monday morning from a heart attack. He had been in good health throughout most of the winter, and his passing came as a great shock to his family. The family had lived for a number of years at Shaughnessy before moving to Welling. We extend our sympathy to the bereaved in their sorrow.

Nothing is impossible except some people.—Chatham News.

War is better at abolishing nations than nations at abolishing war.

PRODUCER

Not all the glamour belongs to the stars. Here is Kay Stevenson, CBC producer at the Toronto studios, who gives the signals through the plate glass window to such important people as the folks of Newbridge. Three Little Sisters, Quentin Maclean, organist, Miss Stevenson could have all the silvers fox she wishes to wear (her father is a silver fox farmer), but instead you will see her tiny turned out in a tailored suit—sans furs and furbelows. Her first chief was Edmund C. Rise and they might still be working together but that Rise went to Hollywood to co-produce Crosby's Musil Hall. Kay was forty minutes late for her wedding, but she has never missed a broadcast.

A LOCAL RATION BOARD HAS NOW BEEN ESTABLISHED

To help you with your ration problems

AT Mayor's Office
City Hall, Lethbridge
TELEPHONE: 2284, Lethbridge

Chairman: Mayor D.H. Elton, K. C.

Deputy Chairman: J.T. Watson Secretary: Frank Steedman
Members: Mrs. A. S. Fumerton, H. Boyse, G. R. Daniels, J. Torrence, H. B. Snyder, D. M. Holladay, W. R. Madill.

Territory: TOWN OF RAYMOND, City of Lethbridge, and the district commencing at the southeast corner of Township 1, Range 16, thence northerly along the easterly side of the said range line to its intersection with Chin Coulee, thence northwesterly to the intersection of the southern boundary of Township 9 and the easterly boundary of Range 19, thence northerly to its intersection with the Old Man River, then northwesterly to its intersection with the Little Bow River, thence northwesterly following the Little Bow River to its intersection at the northwest corner of Township 13, and the eastern boundary of Range 25, thence south to the correction line on the northerly boundary of Township 10, and the easterly boundary of Range 25, thence south to its intersection with the Old Man River, thence southeasterly along the Old Man River to its intersection with the Belly River, thence southwesterly along the said Belly River to its intersection with the Provincial Highway, thence southerly along the said highway across the Blood Indian Reserve to its intersection with the St. Mary's River in Township 3, Range 25, thence northeasterly along the St. Mary's River to the intersection of Section 14, in Township 5, range 23, thence easterly to the township line between Ranges 22, and 23, thence southerly to the southern boundary of the Province, thence easterly to the point of commencement.

This Board has been established to facilitate the settlement or adjustment of the ration problems of people residing in the district defined above.

The object is to ensure that restrictions made necessary by war are applied with maximum effectiveness, minimum inconvenience and equal fairness to all consumers and suppliers. The basic reason for all rationing is to assure a fair division of available supplies to everyone.

Serving voluntarily on the Board are local citizens representative of the people of this district, and able to bring an intimate knowledge of local conditions to this new wartime task.

At the local Ration Board's offices you can get full information on all aspects of consumer rationing, and prompt adjustment of special problems, such as—what to do in the event of loss or damage of your ration book . . . whether extra rations are allowed for special purposes . . . and other matters announced from time to time.

Take full advantage of this service established for your convenience

The Canadian Pacific at War

Keeping pace with the Dominion's expanding war effort, the Canadian Pacific Railway has established an enviable record in the production of tanks and naval guns, the transportation of troops and war material, the training of Air Force personnel, and in countless other ways.

The pace of tank production at Angus shops, Montreal, has been increasing steadily since the first Angus-built tank rolled off the assembly line in May, 1941. Hundreds have been turned out since. Naval gun production figures at the company's Calgary shops make an equally impressive showing.

Today more than 14,000 of the company's personnel are on Active Duty. 1,500 more are in Reserve and on loan to the Government.

Hundreds are attached to C.P.C. units, Red Cross groups, participating in salvage campaigns, and other patriotic enterprises. In Montreal alone, more than 2,800 employees have pledged themselves as blood donors.

The movement of troops, transportation of wartime freight, and the handling of traffic that dwarfs all peacetime records, have been carried out with remarkable efficiency, despite limitations of manpower and equipment. Several C.P.R. diners have been converted into commissary cars.

The performance of Canadian Pacific liners has also written a proud chapter in the company's records. These great vessels, under Admiralty Charter, are keeping men and supplies on the move all over

the world. Eight C.P. ships have perished in line of duty.

Canadian Pacific Air Lines have also "gone active." In co-operation with the British Commonwealth Air Training Plan, the company's air arm now operates six air observer schools, one elementary flying training school, all on a non-profit basis, and five overhaul and repair plants.

Canadian Pacific contributions to Canada's first three Victory Loan campaigns totalled \$43,812,500, while monthly employee payroll deductions for War Savings Certificates average \$113,600 a month.

The full scope of the Company's war effort is impressively illustrated in the booklet "Canadian Pacific at War," a few scenes from which are shown above, and which can be had upon request.

A number of Bowling Leagues are in operation in Town now and are having a lot of fun. Scores are not always in the three figure class, but there is a lot of enthusiasm and barrels of fun.

A huge hydro-electric plant 1,500,000 horsepower as compared with Boulder's 975,000. One half of the project will be put into service as quickly as possible while the other half is being built. Cost is \$10,000,000.

RAYMOND SUGAR FACTORY

Elders S. B. Smith, Wilford Burrows and Benjamin Stringam, the latter of Welling, have been called to the Western Canadian Mission at Edmonton on short term missions and left Friday morning to commence their labors. We wish them success.

NEWS NOTES

Illiteracy is deplorable, but it isn't as bad as being able to read everything and believing it all.

"Bill" Rouse our coal man is feeling better again after three weeks in bed suffering from a bad attack of intestinal flu.

Sunday saw roads drifting full of snow, and Monday morning local travellers waited for the bus and formed a caravan to tackle the roads. "Mutt" left at his usual time and after getting as far as the correction line, returned because of the drifted roads.

Jos. Beresnak and family, who have been on the Wood and Taylor farm at the Shafer Lake for several years, will be moving next month to Coaldale where Jos. has purchased a half section of land. We wish Jos. and his family every success and happiness in their move.

Fred Maertz and wife, who have spent about two years in the Raymond district, are returning to the Drumheller district where Fred will take over his father's farm. They left this week. Last summer and this past fall Fred has been working with Theodore Ehler. We wish them luck in their move.

T. Geo. Wood, District Manager of Canadian Sugar Factors Ltd., was the speaker at Rotary on Monday and told of some of his experiences in his recent trip east, which had included visits in many Western Canada cities where Alberta sugar was sold, and also several days in Montreal with members of the Sugar Control Board, discussing questions relating to the sugar program of the future. His remarks were very interesting.
